

## PELEE AGAIN IN ERUPTION.

People at Fort de France Are in a State of Terror and a Great Panic is Feared.

PORT DE FRANCE, Island of Martinique, Monday, May 26.—Mont Pelee is again in eruption.

Huge, ink black clouds are rolling over Fort de France in great masses, in which there are peculiar lightning flashes. The inhabitants are now flocking into the great square of the town.

A very heavy surf has been beating on the shore for the last two hours and an enormous, greenish-yellow cloud, at a great height, is dimly visible in the direction of Mont Pelee.

The night is intensely dark and the stars are only faintly visible.

Fort de France is in no danger from the volcano, but there is considerable apprehension of a panic in the night time should the greenish-yellow cloud reach here and ashes and stones begin to fall.

There are no noises from the volcano at present.

### ASHES FALLING.

ROSEAU, Island of Dominica, B. W. I., May 27.—During the whole of last night ashes from the volcano on the island of Martinique fell here in greater quantity than has been experienced since the outbreak of Mont Pelee.

### TO AVOID AN EPIDEMIC.

PARIS, May 27.—In order to avoid a possible epidemic among the seven thousand refugees now at Fort de France, it has been decided to distribute them among a number of depots.

### AWFUL SCENES.

KINGSTOWN, Island of St. Vincent, Monday, May 26.—On Saturday night the dense crowds forming a canopy over the greater part of the town lowered and a severe thunderstorm, accompanied by a heavy rainfall, broke over St. Vincent and continued until today, causing the mud streams in the Windward district of Georgetown to be flooded. The water pipes were damaged, several houses were washed away and two lives were lost.

The rainfall was so heavy that it disturbed the bodies of the buried victims of the volcanic disaster, and corpses with putrid flesh hanging to the bones were exposed to view.

During the rainstorm the Soufriere volcano appeared to give forth dense clouds of vapor and steam, rising to a considerable height and spreading over the neighborhood. Rowing sounds from the mountain also caused apprehension of another eruption. Severe lightning lasted all night Saturday and Sunday. Eight inches of rain fell at Kingstown between Saturday and Monday, and was the heaviest downfall since the disaster.

## MUST OBEY GOVERNMENT.

THREATENING UPRISING AT FERNIE, B. C., IS NIPPED IN THE BUD.

VANCOUVER, B. C., May 27.—A special from Fernie, B. C., this morning says it has been definitely settled now that the explosion which killed 131 men, occurred in the lowest workings, known as Beaver Pit. There and from that point, within a radius of 50 feet, the wreck of the workings is said to be complete. Hundreds of tons of rock and coal were brought down upon the unfortunate miners by the force of the explosion. Some of the bodies are buried beneath by heavy green fire to seventy-five tons of debris and many corpses will never be recovered. The gas in the lower workings of No. 2 tunnel is so thick that constant care must be exercised in working inward. Eight more bodies were recovered today. Many of the surviving white miners are arranging to leave Fernie.

The threatened uprising against the government officers was checked last night by the arrival of a large number of special officers who had been hurriedly summoned by telegraph.

### REPUBLICAN MEETING.

A meeting of the East Side Republican Club of the Seventh Ward will be held at 123 East Fourteenth street on Wednesday evening, May 28th, 1902, for the purpose of registering those who desire to vote at the coming primary election and for the transaction of such other business as may come before the meeting.

## LOVE CRAZED BRIDE PLAYS THE BRAIN-SICK OPHELIA.

Romantic Passion Leads Her to Imitate the Danish Princess.

Pretty Enacia L. Luis, a bride of four months, whose strange actions at her Pleasant home caused her husband, Frank Luis, to charge her with insanity, was examined by Drs. Milton and Maher today and upon their recommendation was committed to the Agnews Asylum for the insane.

Just what caused the unfortunate woman's insanity was not developed at the examination, but her case is a strangely pathetic one. It is probable that her reason was destroyed by constant brooding over her peculiar and romantic marriage.

Mrs. Luis came from Portugal with her mother a year ago at the request of her future husband. They had not known

each other in the old country. They had never seen each other until they met at Pleasant, but their betrothal was arranged through correspondence between Luis and the girl's mother.

When the girl reached Pleasant the engagement was formally announced, and many social events were given in their honor, according to the Portuguese custom. But Enacia was coy and, according to Marian Trager, a friend and neighbor, she would run in fear and trembling whenever her fiancé approached. They were married, however, last January, and for a time seemed happy, but the bride soon began to act queerly. On one occasion she threatened to cut her throat with a knife and frequently she tried to beat her husband with a stick for no apparent reason. By way of diversion she would play Ophelia for hours in her garden, entwining flowers in her hair and carrying upon full of roses, while she chanted some mournful Portuguese hymn. Last Saturday she jumped into her husband's car, and drove at breakneck speed through the streets of Pleasant, standing on the seat of the car at the imminent risk of her neck. The horse was finally caught, however, and today she was brought to Oakland by her husband and Constable Lock.

## SON OF A MILLIONAIRE DEFAULTS.

Alex. Young Jr. Will Allow Wife to Take Divorce Without Contest.

Alexander Young Jr., son of the millionaire who lives on the heights, failed to appear in court this morning in answer to the complaint in divorce of his wife, Blanche, Emily Young, and Superior Judge Hall duly ordered a default entered and the case referred to Court Commissioner Crowell.

The complaint cited cruelly as the cause of action, but in view of the allegations made in the complaint the term is a harsh one.

No personal violence is alleged and no specific acts of cruelty are named save the calling of more or less ugly names and an ever present disposition for any kind of an oral conjugal scrap.

The Youngs were married in Oakland in 1893 and have always occupied the position in society to which the money of the husband and the standing of the wife entitled them.

Even to their intimates the breach between them has been unknown, although the complaint alleges that pronounced incompatibility has been present since almost the beginning of their married life.

Although no definite statement has been made by any of the parties to the action, it is understood that the default will offer no evidence before the Commissioner and will not combat the plea for separation.

Since their separation Young has been living at the Hotel Touraine.

## PENALTY MAY BE DEATH.

SAN JOSE NEGRO PLEADS GUILTY TO A BRUTAL CRIME.

SAN JOSE, May 27.—James Robinson, the negro charged with assaulting Mary Gabel on the morning of May 14th, entered a plea of guilty in the Superior Court today, and also pleaded guilty to prior conviction. Sentence will be pronounced on Friday.

In a case of this character the extreme penalty is death. Miss Gabel, who is a domestic, was found in the yard of Mrs. Knox Goodrich on the morning of May 14th in an unconscious condition, her head battered and covered with blood. For days her life was despaired of, but she is now recovering. Robinson was arrested on suspicion and finally confessed. He said he followed the girl, knocked her down with a club and then threw the body over a fence.

### FOR EASTERN MARKET.

CANTELOPES WILL BE SHIPPED EAST BY THE GROWERS IN THE SOUTH.

LOS ANGELES, May 27.—Arrangements have been made by the Southern Pacific to place California cantelopes on the Eastern markets in competition with the Rocky Ford melons. Superintendent R. L. Ingram has returned from India, where he promised the Cactilla Producers' Association that a daily service of refrigerator cars, to run East on passenger train schedule time, will be provided for transportation of melons grown in the Cactilla valley.

### GOV. ODELL'S TRIP.

NEW YORK'S EXECUTIVE IS IN UTAH AND IS ON HIS WAY HOME.

SALT LAKE, Utah, May 27.—Governor Odell of New York and party, including Senator T. E. Ellsworth, President pro tempore of the New York Senate, and Major Bird, the Governor's private secretary, spent the day sight-seeing in Salt Lake.

The party arrived here last night from the West and were the guests of Governor Wells during the evening. Today an organ festival was given at the Tabernacle in honor of the visitors. The party left this afternoon for the East over the Rio Grande Western and will stop tomorrow at Colorado Springs.

### CABINET MEETS.

IMPORTANT MEASURES ARE DISCUSSED AT THE MEETING THIS MORNING.

WASHINGTON, May 27.—The Cabinet spent much time today in discussing two important measures—the Indian appropriation and omnibus claims bills. Both were found to contain objectionable items, but these, after full discussion, were decided to be of trivial importance compared with the other features of the bill. Both measures were signed by the President.

## HANNA FOR PRESIDENT.

Much Talk in the Ohio Convention About the Statesman—Not Opposed to Roosevelt.

CLEVELAND, Ohio, May 27.—Every important train today was crowded with official delegates and visitors to the Republican State Convention, which will be called to order here late this afternoon in Central Armory.

The indications are that there will be a very large attendance. Seats have been provided for 5,000 persons.

The platform, which was the subject of a long conference of party leaders last night, has been finally agreed upon and is ready for presentation to the Convention.

The only changes likely to be made by the Committee on Resolutions in the platform already drafted will be in the plank on Cuban reciprocity, trusts and the tariff, and if changes are made, they will simply be in the forms of expression. There are no contenting elements in the Convention on the issues, but there are some differences of opinion on the language to be used to express the declaration of principles.

The nominations for Supreme Judge, Food and Dairy Commissioners and members of the Board of Public Works tomorrow will largely be controlled by their respective bearings on the contest for places in 1903.

The workers today were especially interested in the contests for members of the State Central Committee that holds over until after the next State Convention.

There is much talk in the open field for Hanna for President two years hence, as well as for his re-election by the Legislature that is to be chosen next year.

There is no opposition expressed to President Roosevelt.

Those who are talking about the delegation to the next National Convention say they do not want an anti-Roosevelt delegation, but one that would not be anti-Hanna in event of President Roosevelt not being nominated.

There probably never was a State Convention of the dominant party held in Ohio in which Federal office holders were so scarce as here, but their friends are in the jobs. It is understood that Senator Hanna will be tendered an ovation and called out for a speech in the Convention.

The preliminary meeting consisted of conferences during the forenoon and meetings by Congressional districts at 2 p. m., at which members of the committee and assistant officers of the Convention were selected.

One of the most important conferences was held between Senators Hanna and George B. Cox of Cincinnati and continued so long a time that quite a crowd was kept in waiting outside of Senator Hanna's office. The Senator left his quarters in the Hollenden for the selection of his business office.

CLEVELAND, O., May 27.—The Armory, which has 8,000 chairs, was well filled when Honorable P. W. Durr, of Cincinnati, chairman of the State Central Committee, called the Republican State Convention this afternoon. The leaders, notably Mr. Hanna, Governor Smith, General Grover and many prominent politicians were cheered as they entered.

Chairman Durr reviewed the history of the late campaign and congratulated the party on the outlook for this year. Governor George K. Nash was then announced as temporary chairman. He was tendered an ovation on being introduced. He spoke at length of the action of the State Legislature in regard to taxation and corporations, saying:

"The corporations should not be looked

upon as the enemies of the people, but as their friends, capable of still further developing and making useful the great resources of our State and giving to labor remunerative employment and to capital safe investment.

"I congratulate you," the Governor said, "that in the person of Theodore Roosevelt we have a President from whose lips fell the solemn pledge to pursue, without variation and untimeliness, the great and beneficial policies of William McKinley. Our loved one has fallen, but the nation and her people lived, to be blessed forever by his theory of government."

### THE PHILIPPINES.

Regarding the Philippines Governor Nash said:

"Our enemies may hurl their calumnies upon our soldiers and sailors and their families upon honored representatives of our Government, but they cannot dim the glory of our flag nor retard the day when the blessings of our free institutions will be enjoyed by that people."

The twenty-one Congressional districts were called out at the conclusion of Governor Nash's speech and the selections made by the district messengers were announced for members of the new State Committee, vice presidents and assistant secretaries, and also the members of the Committee on Credentials, Permanent Organization, Rules and Order of Business, which met tonight.

Adjourned until 10 A. M.

## LOUBET IS HOME AGAIN.

PRESIDENT OF FRANCE IS WELL RECEIVED BY HIS COUNTRYMEN.

DUNKIRK, France, May 27.—The French squadron of warships which recently visited Kronstadt, Russia, as an escort to President Loubet, arrived here today.

M. Loubet landed at noon. He was welcomed by the Mayor and received an ovation from the populace. The President proceeded to the Chamber of Commerce and at a luncheon subsequently he expressed his delight at the extreme cordiality of the welcome extended to him by both the imperial family and the people of Russia.

The strengthening of the bonds uniting Russia and France would, he believed, have the beneficial effect of causing peace-loving nations to forget their own differences, which were more apparent than real, and to turn their united attention to financial, economic and social problems threatening the welfare of all.

President Loubet concluded with drinking a toast "To the Reunion of all peoples."

He left for Paris this afternoon.

### FIRST CHOLERA CASE.

MANILA, May 27.—Captain Charles Russell of the Eighth Infantry is dead. He was the first officer to die of cholera. There have been twenty-five cases of cholera and twenty deaths among the Americans and thirteen cases and ten deaths among the European population. The cholera is to be traced to Manila, 1,065 cases and ninety-three deaths; provinces, 55,001 cases and 2,583 deaths.

overlured by the Superior Court.

"Second—That thereupon the City Council by resolution authorized the City Attorney to accept in full settlement for your city taxes for the fiscal year 1901-02 a sum equal to \$111 on each \$100 of the assessments as made by the County Assessor."

"Third—That the members of your committee, after full deliberation, realizing that the principle for which we contended has been vindicated, and that it is the duty of all good citizens to support their government by the payment of their just taxes, have decided to advise, and they hereby advise, their constituents to accept the said offer of the city, and the undersigned personally intend to so accept."

Mr. Dow will advise you by letter how to proceed to close the matter. Respectfully, FRED KAHN, Chairman.

## SHOT HIS WIFE AND THEN KILLED HIMSELF.

Circus Man Though, it Best For Both to be Dead.

DENVER, May 27.—Cass Dameron, 19 years of age, shot his wife, aged 25, in

the head, instantly killing her, at the Victoria Hotel in this city yesterday and then committed suicide by shooting.

They were circus performers and of late have been giving street shows to aid in advertising a patent medicine. Dameron was arrested last night for disorderly conduct. His wife paid his fine this morning and he accompanied her to a hotel. Just before the shooting he was overheard saying to her that they would both be better off if dead.

Cass Dameron was the son of Judge C. S. Dameron of San Bernardino, Cal.

## COMPROMISE ADVISED ON THE ASSESSMENTS.

Property Owners Want to Do the Right Thing By the City.

The following circular has just been issued:

"Your committee appointed to conduct the litigation rendered necessary by the action of the Council of the city of Oakland, sitting as a Board of Equalization, in arbitrarily raising the assessment of your property in August, 1901, beg to report as follows:

"First—That owing to the efficient services of our attorney, W. A. Dow, Esq., the demurrers of the city to the complaints of the property owners have been

## CORONATION PROCESSION REHEARSAL.

How Their Majesties Will Ride From Buckingham to Westminster.

LONDON, May 27.—A full rehearsal of the coronation procession along the whole length of the route from Buckingham Palace to Westminster Abbey and return took place this morning.

The attendants and the horses were practically the same as will take part in the parade of June 26.

The first nine carriages will be occupied by members of the British royal family.

The great state coach, which will come last, was represented today by a big brake drawn by the eight cream-colored Hanoverians which figured in the procession at the time of the late Queen Victoria's Jubilee and on the occasion of her funeral.

The horses today wore crimson harness with heavy gilt fittings and ornamentation which is being made for the coronation.

The rehearsal included the picking up of passengers at Buckingham Palace, their alighting at Westminster Abbey, etc.

### SAN JOSE SUICIDE.

GEORGE M. LEISHMAN TAKES HIS LIFE IN THE GARDEN CITY.

SAN JOSE, Cal., May 27.—George M. Leishman, a commercial drummer, committed suicide some time yesterday afternoon at a Third street lodging house by shooting himself with a pistol. The body was not discovered until this morning. He purchased a pistol yesterday afternoon and was driven in a hack to the lodging house. No one was in the building at the time. The bullet entered the right temple, passing through the brain. Leishman was a consumptive and came here ten days ago for his health. He steadily grew worse and probably in his despondency he took his own life. His home is 2912 Dallas Road, Victoria, B. C., where he has a wife and children. He was about 30 years of age.

### QUIET WEDDING IN SAN FRANCISCO

SAN FRANCISCO, May 27.—Miss Marie Juliette Williams, daughter of Captain W. A. Williams, U. S. N. (retired), and sister of Mrs. Walter Hobart and Wilberforce Williams, was married this afternoon to Alexander Lilley of Columbus, Ohio.

The ceremony was performed at the home of Mrs. Robert E. Neill, grandmother of the bride, by the Rev. Willes Hall, rector of St. Paul's Episcopal Church of San Rafael.

It was a quiet home wedding, only about ten intimate friends and relatives witnessing the ceremony.

## ELECTION OF U. S. SENATORS.

Committee Does Not Favor the Plan of Electing by Direct Vote—Argument on Philippine Bill.

WASHINGTON, May 27.—Soon after the Senate convened today, Mr. Burrows, chairman of the Committee on Privileges and Elections, reported that the majority of the committee was opposed to the House resolution providing for the election of Senators by the people, that a majority of the country was in favor of the Depey amendment, providing that the election of Senators in all States shall be uniform and Congress shall have power to enforce the amendment and finally the majority of the committee was opposed to the resolution as amended.

In answer to questions Mr. Burrows said that the committee had not directed him to report either favorably or adversely.

Mr. Wellington moved to discharge the committee from further consideration of the resolution. This motion went over at the suggestion of Mr. Hoar.

A resolution offered by Mr. Hoar yesterday requesting the President to inform the Senate whether there be any law to prevent any Filipino not under arrest from coming into the United States and stating his views or desires as to his country to the President or to either branch of Congress, was adopted.

The conference report on the army appropriation bill was then considered. The question was on Mr. Hoar's motion that the Senate ask for a full and free conference, insisting upon its amendments. Mr. Spooner insisted that the House would regard the adoption of the motion as an affront to its dignity. After some discussion Mr. Hoar withdrew his motion.

Mr. Patterson said he had changed his opinion and he declared that he would rather have the honor of having taken the position of the senior Senator from Massachusetts (Mr. Hoar) upon this Philippine question than to have the crown of glory that is vouchsafed to the righteous. He twitted Mr. Spooner with having changed his views upon the Philippine question.

Mr. Spooner insisted that he had not departed from his position as stated in his quoted speech in the slightest degree, while Mr. Patterson had gone far ahead from the editorial he had written.

Mr. Proctor, in charge of the conference report, offered a resolution requiring three Senators to meet and confer with the committees of both houses, especially in the matter of instructions to conferees.

Mr. Gallinger of New Hampshire indicated that the House had been offensive to the Senate, but he was called to order by Mr. Pettus, who held that what occurred in the other house was not a proper subject of comment.

Mr. Gallinger maintained that when the Senate was charged with encouraging conditions leading to extravagance it was a proper subject for discussion.

### THE KING GIVES TIME.

COPENHAGEN, Denmark, May 27.—King Christian, after a long conference today with the Premier, Dr. Deuntzner, finally decided to accept the proposal of the United States to extend for a year the time limit for the ratification of the Danish West Indies treaty. This action was taken in spite of very heavy pressure upon the part of the opposition press and many of the royal family.

# BERKELEY BOYS WILL BE IN THE GREAT MEETING.

## Getting Ready For the Mott-Haven Games—Meeting of the Trustees of the College Town.

BERKELEY, May 27.—Next Saturday will be a historic day in amateur athletics in America, and it is hoped and even expected that California's representatives will have much to do in making the history.

The eleven sturdy athletes who will meet the representatives of twenty-two large American colleges at Mott Haven next Saturday, have already installed themselves in quarters near New York where they will train for the games.

The contest for supremacy is conceded to be between Harvard, Yale and the California aggregation.

Harvard beat Yale in a dual meet by a comfortable margin, but no pronounced superiority was shown and with many other competitors present Yale is thought to have a good chance.

Harvard has some very fine athletes who should win out for their college. In 100 and 200 events, Smith is a sensational performer and should win ten points for his college. In the distance runs they also have some good men but Princeton's distance men will have to be reckoned with. Williams in the mile in the California Princeton dual was expected to have beaten Redwell, the Californian on his merits. As Redwell won from Yale, this gives Princeton a good chance.

The Californians will rely upon three or four first class men to pull them through. Abadie, Hickey, Plaw, Cogan, Check and Powell seem the point winners.

Check and Powell while not crack men in the hurdles, will not have to trouble them better than themselves. Clapp of Yale is undoubtedly the best hurdler, former over the sticks, still his time for the 120 has only been 15.5, the same time made by Check.

Plaw will undoubtedly recover his lost form. Last Saturday was the first time in his career that the college colors were ever lowered when he was defeated to uphold them. Just prior to the 100 yard race Plaw threw the hammer over 100 feet by actual measurement from a seven foot curve but when asked to repeat the performance from a grassy plot 15 feet was the best he could do. This slump was too much to be accounted for any other way than Plaw could not keep his feet without slipping on the grass. Still Hickey's throw of 161 feet will probably serve as a brace to Plaw and induce him to actually throw a thing that Plaw's powers has hitherto made unnecessary.

Heretofore the winning of a field day depended upon what the other members of the team should do, but next Saturday's championship will probably be won or lost upon the performance of Plaw.

First place will count 5, second place a third place 2, and fourth place 1.

The great number of athletes who will compete next Saturday make it advisable that fourth place count.

This will not be of special benefits to the Californians.

**ACCREDITED SCHOOLS TO THE UNIVERSITY.**

BERKELEY, May 27.—The various schools around the bay and throughout the State that are seeking to be accredited to the State University are being visited by representatives of the University, who will make reports by the end of the month. The list of schools which will be accredited to the University will include many private schools as well as the State Normal schools.

The University representatives will have visited all the schools in the State by the end of the month. The majority of the schools have been examined in all but one or two subjects.

The committee of the Academic Senate will give their diplomas tomorrow night.

**SMOKED CIGARETTES AND LOST HIS WIFE**

DISSOLUTE HABITS OF ERNEST MELLUS RESULT IN A DIVORCE.

Cigarette smoking and gambling have derided another home, according to a decree of divorce handed down in the suit brought by Mrs. Clara Adele Mellus against Ernest P. Mellus on the ground of cruelty.

The couple married in Fruitvale in 1898 and went to Sacramento to live, but according to the wife's story, Mellus began to neglect her within a month after their wedding day. He stayed away from home at night, chose to lead the life of a gambler rather than follow his trade of musician, and smoked cigarettes incessantly. His fingers became stained with the tobacco smoke, she declares, and he smoked at their home until she grew dizzy from the effects of it, but still he refused to desist. Twice she left him, only to return to him upon his promise to give up gambling, drink and cigarettes; but she was finally forced to leave him permanently.

Mrs. Mellus, who is residing with her mother in East Oakland, is allowed to resume her maiden name of Winkler. Ella E. Pinkney has sued Benjamin Pinkney for divorce and Harriet E. Erickson has sued Louis E. Erickson for divorce, both suits being on the ground of desertion.

### PROGRAM FOR ST. MARY'S.

#### GRADUATING EXERCISES TO BE HELD IN SAN FRANCISCO TONIGHT.

The graduating exercises of St. Mary's College will be held at Metropolitan Temple tonight.

There are two departments in St. Mary's, the collegiate and the commercial. A little the larger, though the program at the exercises this evening will be devoted almost exclusively to the collegiate class. ## NO ACTION ON

### M'MULLAN'S REPORT

COUNCILMEN AGREE TO INDEFINITELY POSTPONE THE MATTER.

The report of C. S. MacMullan, expert of the City Council, in regard to City Auditor Breed paying the salary of Mayor Snow when that official is said to have owed money to the city, was indefinitely postponed at a meeting of the Committee of the Whole of the City Council last evening. When the report was read, Schaffer moved that it be referred to the City Attorney, but Breed asked to be heard on the subject.

"Mr. MacMullan makes two points in his report," said Breed. "One is that I should not have paid Mayor Snow while the city was suing him. I had legal advice at the time and it was found that under the decision of the Supreme Court it would have been impossible for me to have taken any other course. The other point is that I did not pay into the City Treasury immediately the money collected for personal property, as required by law. If that provision were followed out it would require 5,000 payments to be made and I would be compelled to make 5,000 payments to the City Treasurer. That would also be impossible with the present force of deputies and, besides, it is absurd.

"I think that report was not made in good faith and I wish some Councilman would move to throw it in the waste basket."

"I have no doubt that Mr. Breed did what he thought was right," said Councillor Schaffer. "The law required personal property collections to be turned in to the Treasury immediately and he thought MacMullan had acted in perfect good faith.

"I have reason to know that he did not act in good faith," repeated Breed.

City Attorney Johnson gave his opinion that Breed had acted right in paying Snow.

Action on the report was then indefinitely postponed. Courtney, Boyer and Schaffer voting against such action.

There is every reason to believe the city council will give Alderman Lumpkin a show for his ally.

# PLAN TO OPEN UP WASHINGTON STREET.

## Citizens Present Petitions to the City Council—Arguments Made in Favour of the Proposition.

A number of prominent citizens appeared before the City Council last evening to urge the immediate improvement of Washington street, by opening that thoroughfare through the present site of the City Hall, from Fourteenth street to San Pablo avenue.

The citizens represented property owners on Washington street and among them were P. J. Von Loben Sells, W. G. Henshaw, George W. Reed, M. J. Keller and A. P. Snyder.

M. J. Keller first presented nine petitions which were signed by fifteen hundred property owners and citizens of the district. In support of the petition Mr. Keller said:

"I have been requested as chairman of a committee composed of merchants and property owners on Washington street, to present these petitions to your honorable body. We have fifteen hundred names of citizens and property owners who are in favor of the opening of Washington street. There have been several efforts made to open Washington street but there has never been an effort so universally favored as the present one. Property owners and business men on Washington street have recently met frequently and we have decided to ask you to open the street from Fourteenth street to San Pablo avenue. You have seen how business is crowded in this vicinity and the necessity of such an opening is well known to you. The bond issue has shown how necessary it was to move the City Hall to the east of its present location.

"Does your petition show how you want it opened?" asked Councillor.

"The maps will show that we desire the street opened on an angle," answered Keller.

The following petition, which was one of those filed was then read and referred to the Committee of the Whole.

"To the honorable the Council of the City of Oakland, Gentlemen—We, the undersigned being either freeholders or residents or citizens of the city of Oakland, County of Alameda, State of California, hereby petition and most respectfully request you to open the street from Fourteenth street to San Pablo avenue, and to extend and extend northward from the northern line of Fourteenth street to the western line of San Pablo avenue."

"First—That in the opinion of your petitioners the public interest requires that Washington street in the said city of Oakland, County of Alameda, State of California, should be opened and extended northward from the northern line of Fourteenth street to the western line of San Pablo avenue."

"Second—That your petitioners believe that said Washington street should be opened and extended according to the plan and diagram which is hereto attached and made a part of this petition, as the most practical and feasible plan therefor."

"Third—That in the judgment of your petitioners the opening and extension of said street will be of great benefit, not only to the residents of the city of Oakland in the vicinity, but to the entire city of Oakland and for that reason the entire expense attending such improvement should be borne by the city of Oakland."

"Fourth—That we believe that the strip of land necessary to open said street according to the plan and diagram should be dedicated to the public use and purposes of a public street to the end that said proposed improvement be made at once."

"Fifth—That we believe that the opening of said street will be in entire accord with the proposed plan of public improvement recently adopted by your honorable body and that this will be the first step towards a complete system of public improvements which will make the city of Oakland the most attractive city on the Pacific Coast."

"Your petitioners therefore most respectfully request your honorable body to proceed to take such steps as may be necessary to open and extend said Washington street according to the said plan and diagram, and to take such other actions and resolutions as may be necessary and proper in the premises."

When the Committee of the Whole met at the City Council meeting, Mr. Reed explained the position of the property owners.

"Ever since I was a small boy," said he, "the people of Oakland have been talking about opening Washington street, but all their attempts to accomplish this important improvement have failed. We have tried to get together and devise some plan that will be satisfactory to the merchants, property owners and people generally. At the present time the city of Oakland is in a position where it is necessary to open Washington street, and we believe it should be opened and extended to San Pablo avenue."

"The last attempt made to open this thoroughfare proved disastrous because we found that it would take off a portion of Martin M. Dunn's building at the northwest corner of San Pablo avenue and Fifteenth street. Mr. Dunn proposed to fight it. It was found that the matter might be in litigation for years. Now we believe we have solved the problem by opening the street at an angle. We believe that it would be an improvement that would benefit the entire city and we believe it should be opened and extended to San Pablo avenue. In regard to the power of the City Council to do this there can be no question. The city charter gives you that right. I have no property on Washington street. I wish I had, but as a citizen I think there is no better way to progress than by opening up this thoroughfare and relieving the congestion at this point. This Council has already put itself on record as being in favor of public improvement and I think this should be the start of it."

"I have no doubt that Mr. Breed did what he thought was right," said Councillor Schaffer. "The law required personal property collections to be turned in to the Treasury immediately and he thought MacMullan had acted in perfect good faith."

"I have reason to know that he did not act in good faith," repeated Breed.

City Attorney Johnson gave his opinion that Breed had acted right in paying Snow.

Action on the report was then indefinitely postponed. Courtney, Boyer and Schaffer voting against such action.

would any other individual. It has been decided that when we have had a street opening to establish an assessment district, I want to treat everyone alike. When the property owners on Washington street, with some magnanimity, come to us and say 'open this street on the assessment plan' the street will be opened and not before."

"I don't agree with Mr. Wixson," said Mr. Councillor. "This property is already dedicated to public use and why not convert it to another public use. This will not improve the value of the property. It will improve the value of the City Hall property as long as this City Hall stands here. It acts as a dam and the property south of the hall increases in value. Who will be benefited by this improvement? The property north of the City Hall and along San Pablo avenue. But I would suggest that we wait until we hear from the legal advice of the committee on bonds. The bonds will carry: there is no question about that, and we will have a new City Hall, but we do not want to take any action until we have the committee with the action of our Advisory Committee."

"The Advisory Committee," said Mr. Keller, "but I will be the action of the committee will be about what the Council has suggested."

Schaffer said he thought the Council should take no action until it had ascertained the action of the Committee of Seven. He said the opening of Washington street and the bond proposition were two different things. He suggested that the Washington street committee and the Committee of Seven hold a conference and discuss the subject.

Wixson spoke some length in favor of a new City Hall spanning Washington street and Schaffer suggested that by opening the street at a more acute angle, it would be almost an entire square to the proposed new City Hall.

"You realize as well as I do the public necessity for it, but as to actually interfering with the business of the city, for one would like to hear an expression of opinion by the Council," said W. G. Henshaw. "Then we could make our recommendation and the Council could adopt it or not. It has been dragging so far, it would be a pity to delay it further now."

"I want to call your attention to the fact that a large portion of this park is of no beauty and no use," said Schaffer. "The part around the band stand is only a lounging place for the people. It is no place for women or children. My idea is to so change the proposed angle that this now useless park will be a beautiful park for women or children. We feel it would hurt our personal interests. It would be a jump in the dark. We do not know whether it will be a benefit or a detriment to the city. But we realize that something should be done to improve Oakland. We need new schools, parks and all that, and we feel that the opening of Washington street would be a step leading to the improvement of the city. We feel it would hurt our personal interests. OAKLAND TRIBUNE  
Tribune Publishing Company William E. Dargis, President  
SCUTTLE AND HONOR. PROTECTION FOR CHILDREN.

The Springfield Republican derisively refers to the evacuation of Cuba as "scuttling," plainly with intent to convey the impression that the American occupation of Cuba was analogous to the American occupation of the Philippines. Any person of ordinary intelligence can discern the falseness of the analogy, and we are surprised that the usually candid Republican should resort to so transparent a trick of speech to convey a false impression.

It has been suggested by the Republican and others that the United States haul down its flag and abandon the Philippine Islands. This suggestion has been designated with forcible descriptiveness as a policy of "scuttling." Our Springfield contemporary seeks to convey the idea that we have "scuttled" out of Cuba and that we have hauled down the flag from where it was once planted. It is an idea based on a false analogy and an absurd literalness in the use of terms.

The expression about hauling down the flag from where it has been once planted obviously refers to places where it has been permanently planted, not placed in temporary occupation. To give the phrase a literal meaning is to descend into a patent absurdity. We cannot claim sovereignty over the seas, for our flag is lifted over them from time to time in many places. Our flag went to Spain, not to stay but in a temporary expedition to rescue beleaguered Americans and to punish the insurgents who had murdered our citizens and insulted our government. It has floated on the ice floes of the Arctic and in every great port of the world. Is anybody silly enough to think (however much they may pretend) that the rearing of the flag in such places is analogous to planting it in Hawaii, Porto Rico and the Philippines?

We occupied Cuba to restore order after driving the Spaniards out. Our flag was raised in Cuba under pledge that it would be taken down again. We entered the Philippines as an American possession, and raised the flag there in token of permanent occupation and in assertion of National authority.

To haul down the flag now and re-raise it to "scuttle" out of our position and repudiate our claims. When we furled our flag and retired from Cuba we fulfilled the purpose of American occupation and vindicated the pledged faith of the Nation.

In the one case we would abandon and repudiate our professions; in the other, we have lived up to them.

**OAKLAND HARBOR APPROPRIATION.**

The River and Harbor bill as finally agreed to by the conference committee only allows Oakland Harbor \$100,000 for immediate use and \$150,000 to be applied on the continuing contract for completion of the harbor improvement. The sum is smaller than we hoped for, but it is more than was allowed in the original bill. Chairman Burton was for giving us nothing, but the committee, yielding to the arguments of Congressman Metcalf finally inserted an appropriation of \$100,000 to be immediately available. From the Senate end, Senator Perkins succeeded in having \$150,000 to be applied on continuing contract added.

It might have been worse. Had not Oakland been vigilantly and ably represented in both houses we would have got nothing this year for harbor improvement. As it is the work will proceed and as it proceeds it will be much easier to secure the needed appropriations if nothing was being done at all. If we have not obtained all we desired we have made progress, and the outlook for the harbor is cheering.

In the last Congress we got what we asked for in the bill, but the bill never became a law. This year there was danger of a veto if the aggregate sum of the appropriations became too portentous. Besides, there was great anxiety to keep down river and harbor appropriations to save the omnibus public buildings bill from the Presidential axe. That bill covers a huge sum, and it is up to the President to sign or reject it as a whole.

On the whole we have not fared so badly. The appropriations are an assurance that the harbor will be improved. The expenditure of a quarter of a million during the next two years will help matters considerably, both in the present improvement of the harbor and in preparing the way for its ultimate completion.

As we suspected at the start, and so stated, Corporal O'Brien's sensational story of the outrage of women by officers and other brutalities in the Philippines is mainly a farrago of lies. It has been completely disproved. The records show that O'Brien was thirty miles away at the time he alleged he saw officers commit outrages on women. His other sensational charges are refuted by documentary evidence and the testimony of eye witnesses. It is in order now to inquire who "dug" O'Brien up and had him testify.

Senator Hanna is the "Buckeye" boy at the Ohio Republican Convention. Those who expected to see him lose his hold after the death of President McKinley, have been grievously disappointed. He appears stronger in the State than ever before. Evidently his leadership of the Ohio Republicans is firmly established.

The frequency of outrages on children of late cannot have escaped attention. Within less than a month four little girls, the eldest only thirteen, have been assailed in this city by male brutes of the lowest type. In one case the assailant was a Chinese, and in the other three the villains were white. This is a shocking commentary on modern society. It reveals a condition that is both alarming and perplexing. In some instances, no doubt, parents can be charged with contributory neglect, but parental neglect and indifference cannot palliate the atrocious character of the offense nor mitigate the crime of the offender.

This is a delicate and forbidding subject to discuss in a public newspaper, but the necessity for applying stern remedies to a horrible distemper compels giving attention to an evil that is threatening and appears to be growing. It is necessary that parents as well as the authorities be on the alert. The wretch who deflowers little children is worse than a mad-dog. His crime is so vile that murder itself seems venial in comparison to it.

Every instinct of decency, humanity and affection for childhood demands that the wretches who commit those unnatural and unnameable offenses against the helpless and innocent should be hunted down and punished to the full extent of the law. But in their efforts to punish such loathsome creatures the police and the law officers experience great difficulty in obtaining such proof as the statutes require. The tender years of the victims are often a protection for the criminal. Being too young to make competent witnesses or to fully understand what has taken place, they cannot give evidence that will support conviction. The difficulty of identification is also a hindrance to the vindication of the law.

But the greatest trouble lies in the natural feeling of delicacy and shame on the part of parents. In not a few instances they prefer to let the criminal go unpunished to making an exposure which brands a child for life. They shrink from the horror and shame of having the matter bruited in the courts and their children subjected to the gaze and ribald comments of the idle and profligate who assemble like foul birds to gratify prurient curiosity. Above all, parents shrink from having their children subjected to the cross-examination of a class of coarse, brow-beating attorneys who degrade their profession and disgrace their manhood by resorting to tactics in defense of criminals that are morally little better than the crime itself. However much this reluctance on the part of parents is to be sympathized with—and their case is pathetic enough, heaven knows—the interests of society demand that the law officers spare no effort to bring scoundrels of this type to justice. It is dangerous to leave them at large. They are a hideous menace to other families. The man who gets off easily for one offense is likely to repeat it at the next opportunity. There is no cure for degeneracy of this type. A creature so morally and mentally rotten is beyond cure, and however painful exposure and court experiences may be to parents the interests of society require that no stone be left unturned in the endeavor to punish the perpetrators.

The San Francisco Board of Supervisors have levied a special tax of 15 cents on the \$100 to obtain funds to erect new school houses and a new hospital. Both are badly needed, but there is a question as to the legality of the special tax, and it may be contested in the courts. The charter of San Francisco, like that of Oakland, limits the taxation for municipal maintenance to \$1 on the \$100 assessed valuation. Under this limitation practically all the revenue is required for the ordinary purposes of administration; nothing is left for such public improvements as new schools and hospitals. The Board had the option of levying a special tax or submitting a bond proposition. It chose the former on the ground that it would save time. Perhaps, but it may defeat the object altogether. Judging by Oakland's experience, the shortest road is the longest way round. The bonds would have been safer, as Oakland has discovered. This city has been driven to realize that public improvements can only be had by issuing bonds.

"Morgueing" is a term that has been invented to designate the process of financial combines absorbing vast industrial enterprises. The first part of the word is made up of the name of the financier most prominently identified with these combines and the second part is the last half of the word "buccaneering." The term is descriptive and it fits.

Some of the women who made themselves conspicuous at the trial of a School Principal in San Francisco appear to belong to that class of shrill busybodies who are too much occupied with scolding across the back fence to rear their children properly. It happens generally that the children of such women make nine-tenths of the trouble in the public schools.

**A SUPERVISOR'S VISIT.**

J. H. West, Supervisor of San Bernardino county, is visiting in Oakland. Mr. West lives at the Needles and has to travel 25 miles to attend a meeting of the Supervisors.

TWO CHURCH WEDDINGS. BRING OUT SOCIETY. Miss Grace Carroll is the Bride of F. N. Elliot==Miss Merle Morrison Weds S. F. Smith.

One of the interesting weddings of the week was that of Miss Grace Carroll and Fred Nelson Elliot which took place at the First Congregational Church last night. Six hundred cards have been issued for the affair.

The decorations, of pink and green, were simple but extremely tasteful. The front of the organ loft was concealed beneath a network of orange and pink sweet peas. The platform was banked with potted plants, while a great bunch of date palms were artistically placed at one side.

The bride wore an elegant gown of ivory-white velvet, simply made, with a very long train and ornamental transparent yoke. The long train veil was held in place with a white egret.

The bride's cousin, Miss Edna Carroll of Sacramento, was maid of honor. She wore a dainty gown of pink organdie and carried a shower bouquet of Cecil Bruner roses.

Dr. George F. Rodden of San Rafael, a life-long friend of the groom, officiated as best man.

A pretty feature of the wedding was the singing of the bridal march from "Lohengrin" but the quartet of which the bride was long been a member, her place on this occasion being filled by Miss Ethel Bates. The other members of the quartet were Misses Mabel, Mrs. Sibley and Miss Phoebe Smith of San Francisco. Rev. C. R. Brown, pastor of the First Congregational Church, was the officiating clergyman.

The ceremony at the church was followed by a reception at the residence of the bride's sister, Mrs. W. E. Nicholson, at which only the family and intimate friends were present. The decorations at the house were also in pink and green, the happy couple receiving the congratulations of their friends beneath a canopy of foliage and tulle. Two wreaths entwined were held in place by bands of tulle in the center of the arch.

Mr. and Mrs. Elliot will reside in San Francisco after their honeymoon. Mrs. Elliot's musical career will not be interrupted by her marriage, but she will resume her work next season.

**A PRETTY WEDDING**

Trinity Church was the scene of a small but very nice wedding last night when Miss Merle Morrison became the bride of Stuart Francis Smith of San Francisco. Rev. Robert Ritchie officiated and was assisted by Dr. Bakewell. Miss Hattie Bakewell rendered the march from "Lohengrin" on the organ.

The bride wore a gown of white silk, tiny ruffles finishing the edge of the skirt and train. The transparent yoke was outlined with a lather of rare lace, and the lace sleeves were quite long. A bouquet of Bride roses and a long veil finished the rich and becoming costume.

Miss Charlotte Morrison, the bride's young sister, was the maid of honor, and was daintily attired in a frock of white confection cloth over white silk. A wreath of small pink roses was worn in the hair and the bouquet was of the same flower.

The bridesmaids, Miss Erwin Smith, Miss Florence Brown, Miss Lillie Moller and Miss Florence Humphreys of San Francisco, were dressed alike in gowns of pink pina cloth over pink, trimmed with chiffon and white lace. The yokes and elbow sleeves were transparent. They carried bouquets of Carolyn Testa roses and wore wreaths of the same in the hair.

The groom was attended by his brother, Horace Smith. The ushers were Wilmington Creed, Major Eastwick, De Witt Treat and Dr. S. C. Murdoch.

A small reception at the house followed the church ceremony.

The bride is the daughter of Mr. and Mrs. E. C. Morrison and is one of the very charming girls of her set. The Morrisons have a large circle of acquaintances in Oakland, but the invitations were necessarily limited on account of the small seating capacity of Trinity Church. The groom is connected with Wells, Fargo & Company's Bank in San Francisco. The honeymoon will probably be spent in the South, after which the young people will make their home in Oakland.

**THE MACGABEES ENTERTAIN.**

The Macgabees gave a minstrel entertainment in their hall last night which was attended by a large and appreciative audience.

The program was as follows: Interlocutor, Mr. Ayer. The band consisted of the following: Cornet—William McBain, M. Geller, C. Schiller, F. J. McArthur, Trombone—B. McArthur, Ben Cohen, Saxophone—E. Parker, H. Brown, Piccolo—D. G. Murdoch. Also—William Leary, Charlotte—J. F. McVeay, Tambor—F. A. Hooper, and William F. Rigney, Drum—J. W. Murdoch.

**BENEFIT ENTERTAINMENT.**

The Independent Order of Lions will give an entertainment for the benefit of Mrs. Margaret Hansen and her children at Pythian Castle this evening. The program will have as follows:

COUNCILMAN WALLACE IN FAVOR OF BONDS. Declares that Oakland Is Badly in Need of Improvements==Plenty of Margin for Water Bonds.

The "Christian Citizenship" meeting of the Pilgrim Brotherhood held at the Pilgrim Congregational Church last night was largely attended and much interest was taken in the addresses.

A. T. Hess presided and introduced Councilman J. F. Wallace as the first speaker, who addressed the Brotherhood on the subject of the proposed bond issue. Professor Wallace spoke in part as follows:

"Mr. President and fellow citizens: I think this an opportunity to address a large number of the intelligent citizens of East Oakland. We all have an interest in this proposition, as it is of the utmost importance. The two platforms on which the Councilmen, both Municipal League and Republican, were elected pledge them to submit a bond issue to the people.

"The bond issue as proposed in this plan is in rather large form and rather drastic calling, as it does for a \$2,400,000 issue. I will say in introduction that I was not consulted as to the plan nor were any of the minority, with whom I affiliate. I think it was unfair to us, but nevertheless I favor the bond issue in a general way. It furnishes a good opportunity, however, for a discussion as to needed improvements.

"I will explain that this money will not be available for the use of the present Council, a feature that recommends the proposition to the voters. It should induce us to secure the best men available for the next Council.

"Now as to the different features of the plan proposed I will take them up in detail. Most of them were favorably reported by the Committee of One Hundred two years ago.

"The first is an expenditure of \$75,000 for the Fire Department, a sum certainly not too much, if enough. The second is \$200,000 for schools. The School Board wanted \$250,000 and I do not think this is too large. There is no proposition I am sure which will receive the more unanimous support of the voters of the Seventh Ward without it was the acquisition of a municipal water plant (applause and laughter).

"The \$75,000 asked for the purchase of the de Fremery property at Sixteenth and Adeline streets for a park is a good proposition.

"The \$500,000 asked for a new City Hall on the west side of the Washington street extension is, I think, a little too large and is \$150,000 more than recommended by the Committee of One Hundred. I think we could reduce this sum by at least \$100,000 anyway. There is a plan for a City Hall spanning Washington street, which I like much better than the plan for a City Hall on one side of the street.

"A City Hall on the arch plan was estimated to cost \$500,000, but with the increase in the price of building material it would now cost \$550,000 more.

"A proposition which I favor is the expenditure of \$75,000 for an extension of our wharf property on the water front. I think the sum named is too small. Our present little wharf yields a revenue of \$500 a month and I think another investment would be a good one.

"The next proposition is to spend \$336,000 for a boulevard around the lake, but that, I think, is too large for the purpose. I think that the present boulevard could be extended about the lake to the head of Harrison street, where it would end. There is also a provision for an expenditure of \$60,000 for the completion of the park south of Twelfth street. I have no opinion yet formed regarding the size of this amount, but I think it is amply sufficient. The \$500,000 proposed for a park at West Oakland, north of the Sixteenth street depot, would be an excellent investment.

"The most important park proposition of all, however, is for the purchase of the Adams' Point property at a cost of \$200,000. There are sixty-two acres in a park and perhaps no section in the city is so appropriately suited for the purpose. I can express no opinion as to the value of the property.

"With regard to the improvement of Independence Square in our own ward, I think \$30,000 is enough instead of the \$25,000. I think the same reduction could be made in the \$25,000 allowed for the fitting up of the new library, although I am deeply interested in the work of the library.

"The \$400,000 proposed for street work is \$71,000 more than recommended by the Committee of One Hundred. This amount will provide for the improvement of San Pablo and Telegraph avenues and probably for the further work on East Twelfth or East Fourteenth street, besides other minor thoroughfares. I am not sure whether this total sum should be reduced or not. This ends the propositions as present allowed for.

"There is no provision for the purchase of a municipal water plant. The report says that the matter is in the hands of the Mayor's Committee of Investigation. Whatever the force back of this proposition, I believe in giving those who originated it a fair chance.

"The present outstanding bonded indebtedness of the city is \$405,000. By the law we cannot exceed a total of \$6,500,000 in bonds or 15 per cent of the assessed valuation of property. The total proposed for the new issue of bonds is not large enough, I believe, to endanger the further issue of bonds for municipal ownership of other water works. If I felt that it would, I would oppose it. I shall exert every effort to keep the bond issue low enough to give a leeway of \$4,000,000 for water works. I think this sum quite sufficient to purchase the Contra Costa works or to secure other sources of supply."

A general discussion of Professor Wallace's remarks and of the bond issue followed the address.
